# 60.2528.xx BINGO
Radio controlled alarm clock

What makes the perfect radio controlled alarm clock?

It should be easy and **smooth to operate**, have a clear display with **quiet buttons**, visible even in the dark, have an alarm which starts softly and then increases in volume to a louder alarm sound, have **interesting features**, but no superfluous gimmicks - Here is the **BINGO radio controlled alarm clock!**

Useful functions

The radio alarm clock will show you the time, date, weekday and the current **indoor temperature**. You can have **simultaneously two different alarm times** with different alarm sounds. Just push the switch up.

- **Very easy operation with silent keys**

- **Two time alarms with different alarm sounds**

- **Receive European time signal DCF 77 (with manual override option if preferred)**

- **Changeable time zone function for conversion to different time zones**

- **Automatic background illumination with light sensor**

- **Displays time, weekday and date**

- **6 different languages for day of the week display**
